

What We Do in Our Sessions

Hilderthorpe Primary School

Hilderthorpe Primary School:

Over the past 4 weeks, myself and Mel (Teacher at Run With it) have been working alongside the year 4 children from Hilderthorpe Primary School. All the activities we deliver are fun and exciting with the focus on raising maths and literacy skills. Run With It is all about using stimulating and diverse environments when teaching, so the sessions are easily adaptable to fit with any environment.

At Bridlington Town Football Club we have such a wide range of activities we can do with the children.

One of the tasks involved the children changing basic sentences, such as "The crowd were loud", into more creative and challenging sentences that commentators would use during a matchday. The year 4s took a real liking to this task and were keen to read their ideas out to the group.

In the session following this one, we took the group into

the stand at Bridlington Town Football Club and set them the task of becoming a commentator in the commentator's box. This task is especially good for teamwork as we split them into groups and got them to each create a piece of writing that would fit together into one commentator speech. As each group spoke into the microphone in the commentary box, the rest of the class were in the stands cheering to support their classmates.

I have really enjoyed getting to know the children at Hilderthorpe primary school and they have been a pleasure to teach.
